31. SWOC analysis of the Faculty:

a. Strength (Minimum 5)

Teaching English Grammar with lucid explanation is my strength.

To understand the level of different students is my strength.

I can easily identify the students' weakness and try to solve them.

During teaching I can explain the most complex topics in easy-to-understand way.

I encourage students to ask questions on any point related to my teaching.

b. Weakness (Minimum 5)

I find it difficult to teach those students who lack basic knowledge of English grammar.

Due to limited duration of only 2 lectures every week, I can not satisfactorily teach topics in detail.

When I have to face such a group of students who is not at all interested in learning English, I get disappointed in such a case.

c. Opportunities (Minimum 5)

If maximum number of students are compelled to attend my classes regularly, then I can impart maximum benefit of my teaching to them.

I envisage bright opportunities for better teaching if I get adequate duration for completion of the topics of grammar.

d. Challenges (Minimum 5)

. Toughest challenge is how to teach students to write English correctly from basic.

2nd challenge is how to do justice to complex topics within very short span of just 2 lectures per week.

3rd challenge is how to create interest in English among very poor students who have neither any basic knowledge nor any interest in learning English.

32. Future plans

To arrange special lectures to teach grammar to students from basic level.

To prepare a book of English grammar with very lucid explanation of all the topics from basic to advanced level.

To provide proper counselling and guidance to remove phobia and aversion deep-rooted in students' minds from primary level study.

I, _R.D.Desai hereby declare with oath that information given in this profile is true to the best of my knowledge.
